

August Anthony Croes

Career: Local Artist & curator at Etnia Nativa
Birthdate: April 13, 1961

It will be an honor to receive support and approval from our SMEs to continue guiding with innovative vision this distinguished board of directors of the Aruba Chamber of Commerce and Industry of which I have been a board member since 2015.

Appointed by KvK as a counselor for SER concerning social economic challenges that affects human development; with your reinforcement I will continue to advocate for a progressive economy that improves the standard of living of today's battered society.

As a consultant for Aruba's Institutions for the Environment and Preservation, I head business and educational initiatives involving green entrepreneurship and community awareness developments. Visions I share as an associate columnist for newspapers.

Based on a bio-anthropological academic orientation and research initiative, I participated in the creation of our National Park and catalyzer the Aruba Genome Project directed by Dr. Oswald Wever.

As an entrepreneur and managing unique values as essential economic elements, I lead Circular Economy 4 R conferences, raising awareness between commercial development and essential assets to the tourist market.

With your support I will continue to represent the trade with tact and efficiency, guaranteeing impeccable advice, analysis and writing.

Sincerely yours.
